What is the
InCyber Forum?

InCyber Forum began in 2013 by the French government to address the fragmented eco-system by creating industry champions to drive international competition and to foster public-private dialogue

The InCyber Forum brings together the ecosystem at all levels, in one place: policymakers, ministers, government agencies, private sector, innovation actors, national and international customers, investors, legal experts, media...

It is:

— **A TRADE SHOW:** to find operational answers to your needs

— **A FORUM:** dedicated to sharing experiences and collective thinking

— **A SUMMIT:** to help build a safer digital space
